## SPENT A DAY IN SUGAR

WALL-STREET TRADERS MANIPU-LATED THE STOCK BRISKLY.

Northwestern Showed the Only Life in the Railway List-Local Business on a Good Basis.

At New York yesterday money on call ances, \$2,339,889. was easy at 1%@2 per cent.; last loan, 1%

Prime mercantile paper, 31/2041/2 per cent. Sterling exchange was easy, with actual business in bankers' bills at \$4.87%@4.87% for demand and \$4.84% @4.84% for sixty days; posted rates, \$4.851/2 and \$4.89; commercial bills, \$4.84%.

Silver certificates were 604@604c; ba silver, 60%c; Mexican dollars, 47%c. London bar silver was 27%d an ounce.

Sugar certificates occupied the attention of the stock exchange yesterday, to the practical exclusion of other considerations. The apathy and lassitude of the market seemed to spur the professional traders to a search for some medium of operation, and they gave themselves up to a specuthe stock was highly characteristic. That is to say, the fluctuations were frequently to account for them, beyond the airlest clerical labor on the transfer books of the ed by the trader. The stock's extreme range was 7% points, and the net gain was 4%. In the opening dealings the price went down, in continuation of Monday's depression. After declining 1% the advance began, and it had not proceeded far before the shorts began to manifest distress and rushed to cover, pushing the price up to \$12.50@13. the maximum. The squeeze was not relaxed until the demand from the shorts was pretty well satisfied. The price then began to fall back on light transactions and without any evidence of support. The bears became weary after their punishment, and refrained from aggressive selling, in spite of the announcements made on official authority just before the close that the Sugar trade war had not been settled and was not likely to be. The leading industrials showed sympathy with Sugar, especially American tobacco, which is nearest kin to it in speculative character. The latter stock showed better resistance to reaction than other specialties, which genetally lost pretty much all their gains, The general list continued in a slough of despond and moved either way with great ulty. Opening prices were lower, in sympathy with London, and there was midday rally when Sugar shot upward, and Chicago & Northwestern was marked up The latter movement was without ex-

that some gold may be engaged for Paris The bond market became dull and irregular again yesterday. Total sales at par value were \$1,320,000. United States regular twos, when issued, declined 1/2, and the fives and old fours %, and the threes ¼ in Following are the day's share sales and

the closing bid prices:

carnings for April, which was reported

Monday. Northern Pacific was compara-

tively firm on a good statement for the

the rest the trading was listless and in-

lifferent, with no evidence of outside in-

sion were common to all the great securi-

ties markets of the world, and even the

speculative markets for foodstuffs and

Sterling exchange here was decidedly

easier, but it is considered not impossible

A unique parade was given in the morning, in which a thousand men marched through the streets to the Atheneum, where the convention is to be held. To-night there was a formal reception, at which Mayor Capdeville extended the hospitalities of the city, and President Sam Blum, of the local post, and chairman of the convention entertainment, gave a drummer's welcome. LIVE STOCK QUOTATIONS

LIGHT BUTCHER CATTLE IN GOOD DEMAND AT FIRM PRICES.

Hogs Irregular and a Shade Higher-Sheep Quiet and Weak-Condition of Markets Elsewhere.

UNION STOCKYARDS, INDIANAPOLIS May 22.-Cattle-Receipts, 475; shipments small. There were not very many heavy export cattle represented, but the demand was indifferent, and at a late hour not enough had crossed the scales to show the true condition of the market; buyers, however, were bidding about 10@15c lower. Light cattle, fat enough for butchers, were in good demand, and sales were usually at strong prices, cows and heifers showing the most strength. Quotations:

The hog market, on account of the uncertainty among buyers as to the extent of the demand, opened irregular, a few sales being reported easier and others higher. Later there was rather active competition between all buyers, and closing sales were usually above yesterday's prices for equal kinds. The average for the day was strong to a shade higher, and the market closed firm. Quotations:

The sheep and lamb market was fairly well supplied, and nearly all buyers were in the field, but the demand was not urgent and sales were somewhat irregular. A few were considered 25c lower, but for the most part there was not a great deal of change in prices. Spring lambs sold at \$5.50@8, year-
